September 23, 2021 Addendum

Question Period with Superintendent Godden, Trustee Pauls, and DPAC executives

A question was asked about:	Response
Volunteers going into schools?	Yes. The district is open to that once everyone gets settled into a routine and we can figure out how to do this safely. There is no vaccination requirement to volunteer in the schools.
Changes in requesting Criminal Record Checks (CRC) for volunteers?	This procedure has not changed from what was established a few years ago. Apply at the Board office. CRC valid for 5 years but a confidentiality form and volunteer form must be completed at the school annually.
Whether Criminal Record Checks are only required if working with students?	CRCs are needed by any volunteer in the school, whether working directly with children or not.
Whether dismissal timing can be adjusted? For example, the Traditional elementary and high schools are both dismissed at 2:30 PM	Bring this to the principal. However, if the school is serviced by a school bus, the bell times are not set by the principal but by Transportation.
Stopping daytime custodial staff at elementary schools?	District provided daytime custodial services last year because the Ministry funded the District for that. With new regulations and funding cut, two hours of daytime custodial every other day until January is what can be afforded in the elementary schools.
Whether there are separate health and safety protocols from the District for grad cruises, on top of what's required from the cruise line?	Unless issues develop, there are no guidelines from the District in addition to the public health orders for the cruise lines. The cruise lines will have limits on capacity and requirements for vaccine passports and as patrons, students will need to follow the orders.
Whether vaccine passports will be required for spectators at school sporting events?	Our sector is exempt, which means vaccine passports are not required of spectators in a school building for school-based events. Event spaces are limited to 50% capacity. Spectators are still recommended to wear a mask and physically distance.
When can spectators start attending school sports events?	First season games were held without spectators to allow principals to organize themselves. Next games will allow 50% capacity by next Tuesday [September 28, 2021]
Whether Abbotsford School District has a plan in place if there is a Covid outbreak? What is considered an outbreak?	The district is ready. Outbreaks were declared last year when there are multiple cases at the school across different cohorts and Fraser Health was uncertain about causes.

The next election for trustees?	The next trustee elections are scheduled for October 2022, on the same schedule as city council.
Plans for funding new school infrastructure on the East side of Abbotsford?	The information is available online in the following Abbotsford School District documents: (1) Long Term Facilities Plan that maps the needs of the city, using demographic information looking out 15 years and (2) 5-year capital plan, which is more immediate. Both of these are based on enrollment projections. Secretary Treasurer Ray Velestuk is responsible for the 5-year capital plan and generally gives a annual presentation to DPAC
Can DPAC fund Zoom licenses for PACs?	No. The only funds available for DPAC is the gaming grant. Funding PACs is a prohibited expense with the grant.
Whether the District is willing to pay for Zoom licenses for PACs?	Because of IT security, the District has chosen to make investments in Microsoft Teams, which would be free for DPAC. For meetings generally less than 40 minutes, try a free Zoom account. Google Meets is also a great alternative.
Whether there is a fee to be part of DPAC?	PACS don't pay DPAC any fees
Paying for Zoom licenses with gaming money?	Not allowed. Use your general fund.
Whether DPAC paying for BCCPAC memberships?	DPAC will not be paying for BCCPAC memberships. The school District will pay for BCCPAC memberships this year. DPAC will post a procedure on how PACs can apply.
Who pays for Emergency Kits?	Most districts do not fund emergency kits, including Abbotsford. Participants exchanged ideas about Comfort Kits stored in a container on school grounds and funding the families that don't send in kits.
