An artist has been here to give a quote and the amount will be around \$25000 (or a bit more). Close to \$20000 has been saved by the school, but Tyler is looking to the PAC to see if there can be some fundraising done to help with the shortfall.

The group shared and consensus is most are feeling that there is not enough buy-in from parents to fill the volunteer roles necessary for hosting a fun fair. Going with the 30th anniversary idea, with details to be worked out.
